**returns to Retromobile for third consecutive year**

Jay Koka Studio returns to the Retromobile show in Paris France for the third consecutive year in 2020. A member of the Artist'Auto group, Koka will present new original work as well as fine art reproductions including his popular suite of works based on iconic Paris locations.

Celebrating the 30th anniversary of the founding of his studio in 2016, Koka continues to be creatively restless, endlessly experimenting in style and media and much noted for his ability to manipulate color and mood. *Realism* and *impressionism* exist side by side in Koka's body of work ... he works in both extremes and often offers a unique blend of the two.

One of the top international automotive themed artists, Koka is constantly in demand for his poster work, and has been poster and featured artist for many international events. A major hardcover book was published in 2016 to mark the 30<sup>th</sup> anniversary of the Studio. Titled "**30:30**" it is an extensive profile of the artist and his work.
